Company

GIFT COMPARISONS

We offer over 40 items below a dollar. Most companies only have a few items per category.

Our shop is stocked with name brand, popular products shoppers love. Not items that parents will be disappointed receiving.

We guarantee you'll get at least 220 unique gifts. Our competition is content to have less than 100-110. Students appreciate our selection!

Our buyers find new gifts each year so you get the latest & greatest. Other companies give you large amounts of prior year's products.

SERVICE COMPARISONS

With Wonderland you never have to count the inventory. Other companies would like you to do the counting for them.

Reorders can be customized for your schools' needs and delivered to you promptly so your customers are happy customers! Other companies need you to tally up what you need at the end of the day.

We give you a full featured, web-based virtual register and price checker. Others offer an app that's simply a glorified calculator.

We never charge fees for doing our shop. Others charge you for late payments, minor inventory errors and a 3rd reorder.
