- > All groups claiming tax exempt status MUST send in their Certificate of Exemption with their signed contract and read the paragraph below.
- *Florida not-for-profit groups reselling items for a profit are to pay sales tax. WGS is authorized to collect and remit sales tax to the State for groups. Each group decides whether to pay WGS the tax or the State directly. Furnishing a tax exempt does not alter a group's tax liability. Therefore, the undersigned hereby acknowledges if they furnish WGS a tax exempt form for their group, the group is still responsible to pay any & all State of Florida sales/use taxes applicable to their purchases to the State directly. The group further affirms they're familiar with Florida DOR Rules & Regulations concerning FL sales tax. A group's requirement to pay sales tax applies equally to in-state or out-of-state companies.
